

Quiz #4

JSON format will have a chat history and the latest message from the user.

Example of JSON format:

```
{  
  "chatHistory": [  
    "User: Hello",  
    "Chatbot: Hi"  
  ],  
  "userMessage": "What is the time?"  
}
```

Example of Chat between Chatbot and the User:

User: Hello

Chatbot: Hi

User: What is the time?

Chatbot: 10:00 PM

JSON representation of above chat:

First message of the user(Hello):

```
{  
  "chatHistory": [],  
  "userMessage": "Hello"  
}
```

Second message of the user(What is the time?):

```
{
```

```
"chatHistory": [  
  "User: Hello",  
  "Chatbot: Hi"  
],  
"userMessage": "What is the time?"  
}
```
